## Guidelines for preparation of paper materials

1. Paper should be limited to 8 A4 format typed pages including tables, graphs and illustrations with high printing quality.
2. The materials are submitted in duplicate: 1 copy typed on paper and 1 copy prepared in electron form (e-mail or any other data carrier) using Microsoft Word editor, font *Times New Roman - 14 pt*; single-space typing; *1.27-cm indent*; margins should be *2.5 cm, 2.5 cm, 3.0 cm, 1.5 cm at the top, bottom, left and right of the page, respectively*; book orientation.
3. The initials and names of authors are typed in the right top corner of the first page; the paper title is centered and typed in all capital letters (*font Times New Roman, 16 pt, bold face*) then comes organization name, at the next line city and state (in lowercase letters) followed double-line space below by abstract that should not exceed 10 lines. The paper text is typed double-line space below the abstract with new indent using one interword blank.
4. Separate Greek symbols are typed in the text using typeface "Symbol".
5. Letter "O" and degree mark (°) should not be changed for zero "0". Degree mark (°) is typed using typeface "Symbol".
6. Upper and lower indexes are typed using special commands (subscript and superscript).
7. Multiline formulae are prepared using equation editor and the same font as for the text typing.
8. Diagrams (histograms) are made black-white; various hatch patterns are used for flowing.
9. Name of author presenting the paper and paper title (or its part) should be included in electron file name.
